HOC SIGNO FORTUNA.

BALTIMORE, THURSDAY, NOV. 23, 1820.

On Wednesday Next

Being the ninth day's drawing of the Cathedral Lottery, the first drawn Number will be entitled to the great capital prize of Forty Thousand Dollars. It is not often an opportunity is offered at once to produce an independence; such is now the case and should not be unheeded. A comparatively trifling investment is capable of producing a splendid dividend—the lucky ticket may still be unsold, and may be sent to some fortunate adventurer whose success may now be in waiting—Disappointment may be the fate of those who delay their orders—those who apply in time may have cause to congratulate themselves. But few chances remain for sale.

The greatest attention is paid to all orders forwarded to COHEN'S OFFICE, whether for whole tickets or the smallest share. Recollect that a mere trifling sum invested may produce the happiest result, and to suit adventurers of all classes, a variety of rates are prepared, viz:

20 dolls. in a whole ticket may attain 40,000 dolls.
10 dolls. in an half ticket may attain 20,000 dolls.
5 dolls. in a quarter ticket may attain 10,000 dolls.
4 dolls. in a fifth ticket may attain 8,000 dolls.
2 1/2 dolls. in an eighth ticket may attain 5,000 dolls.
2 dolls. in a tenth ticket may attain 4,000 dolls.

ORDERS for Tickets or Shares, enclosing Cash or Prize tickets, post paid, will meet punctual attention per the return of mail—addressed to

J. I. COHEN, Jr. Sec'y to the Managers,
114, Market street, Baltimore.

Day of Drawing Approaches.

On the first of January next, NEW YEAR'S DAY, the whole of the Washington Monument Lottery will be drawn—the whole IN ONE DAY—the prizes to be distributed amount to the brilliant sum of One Hundred Thousand Dollars, and will be awarded in capitals of 40,000 dolls—10,000 dolls—5,000 dolls. &c. &c. as particularised in the Scheme on our third page.—The whole of the prizes are floating, and much more than the usual interest will be excited thereby, on the day of drawing—as the time for distribution approaches, the Tickets will become scarce, as there were originally but 5000 in the whole Scheme; the price will be much enhanced by their scarcity, and even many disappointments may ensue from delay and no tickets to be procured—to secure chances therefore, our distant friends should lose no time in forwarding their Orders while Tickets are yet to be had at COHEN'S OFFICE, where in the two last Classes were sold, a Capital of 40,000 dollars—a Capital of 30,000 dollars—two Capitals of 20,000 dollars each—one of 10,000 dollars, besides a large number of minor importance.

The Grand Consolidated Capital

Of Thirty Thousand Dollars, besides, two of Five Thousand Dollars, and five of Two Thousand Dollars, and all payable in Cash, without deduction, will be distributed on the 10th, or Consolidation drawing in the Cathedral Lottery.—TICKETS and SHARES for that day, specially, will be prepared at Cohen's Office,—as soon as ready, due notice will be given, in order that our friends and customers at a distance may have the same opportunity of procuring them as those of our patrons nearer home. These tickets will without doubt, be very scarce, and consequently

will be rapidly advanced in price previous to the drawing.

Remarking on the many lotteries, advertised in the newspapers of the day, the Georgetown Metropolitan of the 8th, observes, "the Washington Monument Lottery of Baltimore is another where we may anticipate something of a national nature. It is a dishonor to this country that the remains of that great hero, patriot and statesman should have been permitted to lie so long without a monument to cover him. We are aware it will be said that we have no right to interfere on the subject: but when we see schemes put up for useful purposes, for benefitting the nation, for perpetuating the remembrance of the great father of our country, we think we may be permitted to recommend a selection."

Mail Scraps.

New-York Legislature.—A bill has been brought in appropriating a million of dollars for finishing the Canal.

Nantucket whale fishery.—The number of ships now employed in the whale fishery by the people of the small Island of Nantucket is 72—28 of them between 3 and 400 tons. In addition to which they have a large number of brigs and smaller vessels in the same employment.

A great falling off.—Pisa, in Italy, once contained 150,000 inhabitants—now only about 15,000! The houses are very lofty, generally 5, and some 6 stories high, they are built of brick, plastered over, to give them the appearance of stone.

An inhabitant of Paris has invented a boat which is impelled forward by machinery, without the aid of steam, at the rate of five miles an hour in smooth water. The machinery is worked by two hands, and the boat will contain one hundred persons.

A valuable Diamond.—The largest Diamond ever known, is in the possession of the Queen of Portugal, and weighs about 11 ounces. It was found in Brazil, and sent from thence to Lisbon, in 1746. It is still uncut, and has been valued at twenty-five millions six hundred thousand dollars!

Leghorn Hats.—The hats known by the name of Leghorn, are made by the peasantry, near Florence, out of a kind of wheat straw, grown for that purpose, and cut before the grain ripens,—To make it fine, it is sown in poor ground very thick.

Exports.—We find from an official statement, that the exports from Massachusetts, for the preceding year 1819 was

New-York,	811,599.913
Louisiana,	15,587.378
South Carolina,	9,768.753
Georgia,	8,250.790
Pennsylvania,	6,310.434
Maryland,	6,293.783
Virginia,	5,926.216
	4,392.321

All the other States are considerably less than the above.

Navy Yards.—There are six Navy Yards occupied by the United States, viz.

At Portsmouth, the navy yard contains 58 acres, and cost 5,500 dollars.—At Charleston, the navy yard contains 34 acres, exclusive of extensive flats, and cost 39,214 dollars.—At New-York, the navy yard is situated on Long Island, contains 40 acres, and cost 40,000 dollars.—At Philadelphia, the navy yard contains 11 acres to low water mark, and cost 37,000 dollars.—At Washington, the navy yard is situated on the eastern

branch of the river Potomack, contains 37 acres, and cost 4000 dollars.—At Gosport, the navy yard contains 16 acres, and cost 12,000 dollars.

Besides the above, the United States own the following property.

Grover's Island, in the State of Georgia, estimated to contain from 300 to 350 acres, purchased December 19, 1799, for 7,500 dollars.

Blackbeard Island, in the same State, contains about 1600 acres, purchased May 24, 1800, for 15,000 dollars.

Besides 78 lots of ground, situated in the precincts of New-Orleans, estimated to be worth 369,000 dollars—and some other property at Sacket's Harbour.—There are near 20 Navy Agents employed by government.

PUBLIC LANDS.

WASHINGTON, Nov. 18.

An interesting document was yesterday transmitted by the Secretary of the Treasury to the Senate, in pursuance of a resolution of that house at the last Session, containing a body of information on the subject of the lands of the United States purchased from the Indians; the quantity sold; for how much sold, &c. &c.

The sums which have been paid, and remain to be paid, under Treaties made with the Indian tribes, to indemnify them for cessions of lands to the United States, is 2,542,916 dollars. The expense of surveying the Public Lands, from 4th March, 1789, to 31st December, 1819, has been 4,243,632 dollars. The whole quantity of land which has been sold by the United States, as well before as since the opening of the Land Offices, up to 30th September, 1819, is 20,138,482 acres; and the amount for which it has been sold is 45,098,696 dollars. Of this amount, 22,229,180 dollars had been paid, and 22,000,657 remained to be paid at the close of Sept. 1819. The quantity of lands surveyed in the several Land Office Districts is 72,805,092 acres, whereof 13,601,930 acres have been sold, leaving 54,203,162 acres unsold. The quantity surveyed for military bounty lands is 12,315,360 acres. The whole quantity of land purchased from the Indians by the various treaties and cessions, is estimated at 191,978,536 acres!

Let these sums and quantities be read aloud and the reader will be startled at their sonorous magnitude.—Nat. Int.

From the Nashville Gazette.

CHOCTAW TREATY.

Extract of a letter from a gentleman at the Choctaw Treaty Ground, to his friend in this place, dated 19th Oct. 1820.

"The commissioners have concluded a Treaty with the Choctaw nation, by which the United States acquire about six million acres of land within the chartered limits of the state of Mississippi, for a corresponding quantity beyond the Mississippi river. General Jackson and staff will leave this the 22d, and probably reach Nashville on the 5th of November ensuing."

Extract of a letter from an officer on board the Guerriere dated the 7th July, published in a Southern paper.

"The Guerriere came up from Gibraltar, to take on board the statue of gen. Washington by Canova—but it is still in Rome unfinished. I have seen a print of it and fear it will not please the good people of North Carolina as a likeness. It may, however, be yet improved in this respect, as the artist has not yet put his own chisel to it. It will cost about \$5000.—The General is represented in the Roman Costume in a sitting posture, writing his valedictory address."

In presenting to the public another Lottery to provide funds for the completion of the WASHINGTON MONUMENT, the managers scarcely deem it necessary to appeal to the patriotism of their fellow citizens for their support and patronage, being well assured of the respect and veneration universally entertained for the illustrious name it bears, and of their ardent desire to see the noble monument, already so far advanced, finished. Were other motives for its encouragement to be sought, they would readily be found in the peculiar nature and novelty of the scheme, by which it will be perceived that the fate of the adventurer is to be determined IN ONE DAY, an advantage too obvious to require recommendation.
